

TRANSPERFECT LEGAL SOLUTIONS

REPROGRAPHICS: Multilingual Document Management Solutions for the Legal Industry

For over 16 years, TLS has provided end-to-end legal support services to the world's premier law firms and corporations.

Why TLS?

Our state-of-the-art technology and unrivaled client service make us the foremost provider of multilingual document management services worldwide.

"I have only good words to say regarding this project—everything was done on time and with great quality."

— White & Case LLP

The TLS Solution to Reprographics

Our unrivaled commitment to surpassing our clients' needs has distinguished TransPerfect Legal Solutions (TLS) from the very beginning. From high-speed, multifunctional copiers to the most advanced digital color printers, our cutting-edge technology allows us to produce our clients' legal documents quickly and accurately, while adhering to the industry's most stringent quality standards.
